

TRUST HOUSE FOUNDATION GUIDING PRINCIPLES

⦿ **Be as local as possible**

- We have four Net Proceeds Committees of community elected trustees who are in touch with the local organisations that apply for grants. We have local knowledge.
- The trustees have a policy that they do not support National Organisations directly. This means that the local community organisation gets the local community money.

⦿ **Keep costs as low as possible**

- In keeping with our mantra of "Returning Support to the Community" we keep the costs of running our gaming operation to a minimum.
- It's our policy to pay only the mandated amount to our valued venue operators, by way of venue payments. Support your local organisations in the community.

⦿ **Above all, act with integrity**

- Our community elected trustees do not receive any fees for their work. They do not go on "educational trips/jaunts" to other countries, or even within New Zealand. They meet, discuss the grants and go home! If they attend anything on behalf of the Trust House Foundation, they do not get paid for it. This ensures more money goes back to the community.

OUR VISION IS TO MAKE A POSITIVE DIFFERENCE IN OUR COMMUNITIES

OUR VALUES ARE:

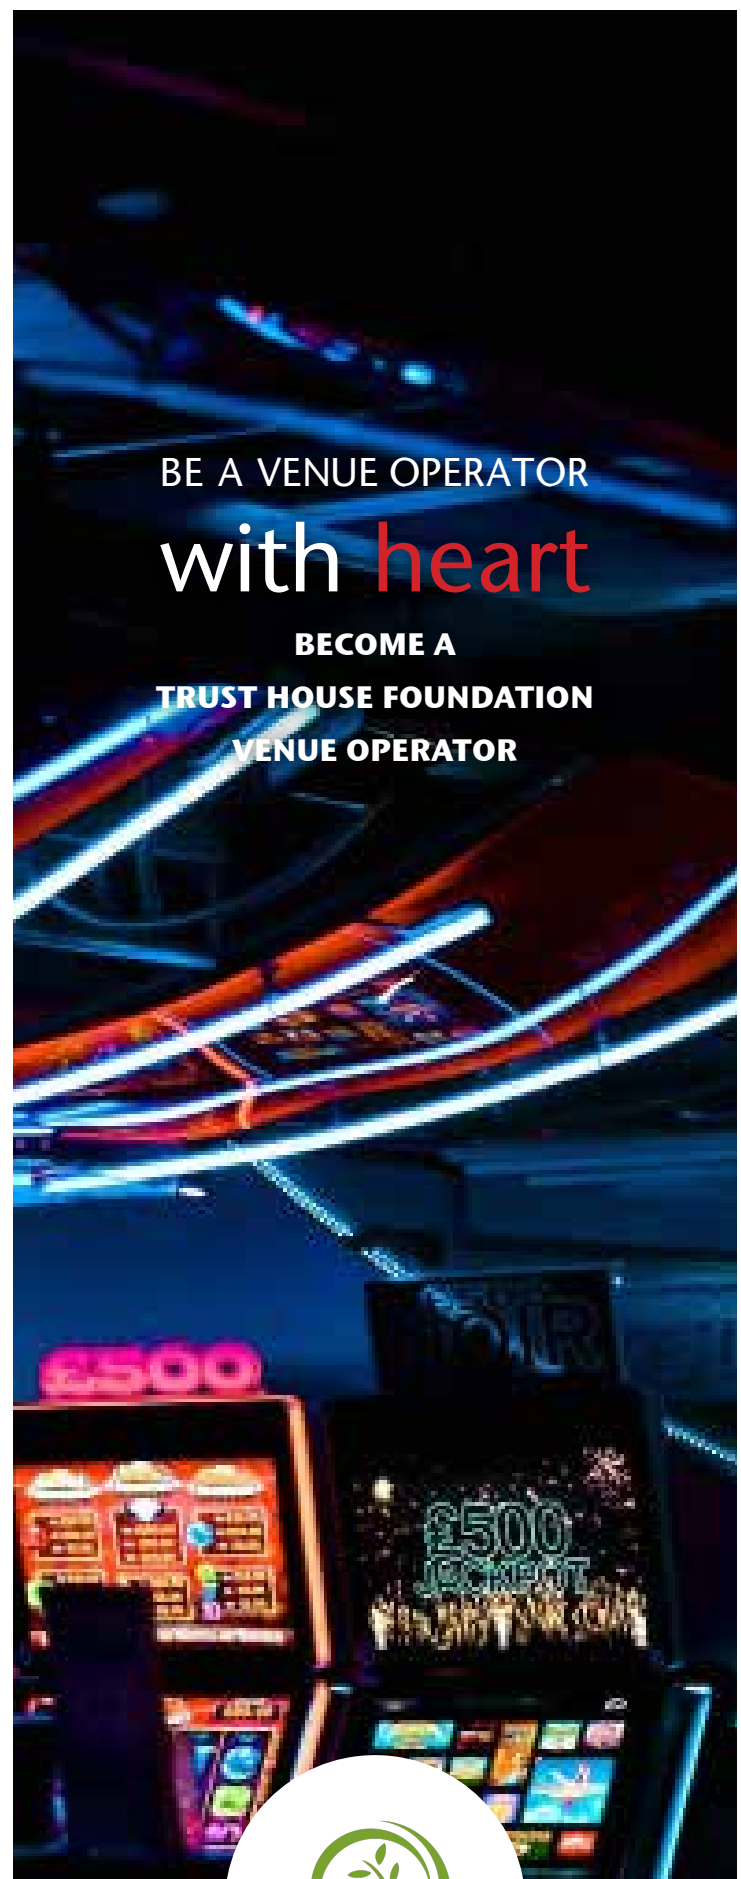

- ⦿ **respect**
- ⦿ **innovation**
- ⦿ **collaboration**
- ⦿ **commitment and empathy**

WORK WITH US...

Trust House Limited is the management company of the Trust House Foundation and the Masterton Licensing Trust that established it.

The Trust, like all licensing trusts, was formed to enhance the well-being of their community. We are still community-owned.

Trust House understands the needs of businesses in the hospitality sector. We own and operate the Copthorne, Solway Park, Wairarapa, bars and restaurants from Hastings to Wellington, bottle stores, a hydro-electric dam and approximately 500 rental properties.

The Trust House Foundation currently runs 181 gaming machines in the lower North Island, from Hastings to Wellington.

We have machines from most manufacturers in our fleet and we are constantly updating them.

We carry out quarterly feasibility studies of our machines to ensure that the best machines are in the gaming room for the benefit of the customers, and ultimately the local Community.

... AND OUR PARTNERS

We are successful because of the partner organisations we work with, and our stakeholders:

- ⦿ Our venue operators
- ⦿ Venue managers and staff
- ⦿ Our communities and their elected representatives
- ⦿ The gaming machine manufacturers
- ⦿ Our gaming machine service partners

Our policies and values reflect the way we work
